Heritage and Historical Tourism

This chapter contains the most important Cultural and Historical landmarks in the State of Qatar

Al-Zubarah Castle

Until recently, the castle was used as a center of the police, and now it became a heritage site. The prisoners were placed in cells which are only accessible through stair that is dilapidated, and only one cell is open to the public.

Umm Salal Mohammed Village - Barzan Towers

The streets of the village represent the ancient Qatari architecture. There is also the famous Barzan Towers which were built at the beginning of the 20th century. Barzan means the high place and its story goes back to the pearl divers, where they could see Barzan Towers on their way back from pearl extractions trips.

The site of the rock inscriptions in Aljassaseyah

Located on the northeast coast, and the site consists of 874 engraving. The earliest believed that it goes back to the modern Stone Age. The site was discovered in 1957 and it consists of designs and various patterns such as matrix cups, roses and ships, and some of the footprints.

The village of Ayyal Al Dheeb – Broog

Located in Broog, which is located in the western part of Qatar. Broog is considered as a reserve that has wild animals such as deer and ostrich. The Ayyal al-Dheeb castle was built in 2000 to video shot a series.

Ancient pearl fishing villages

These ancient villages are located along the northern coast of Qatar Peninsula. It represent the remnants of the lost civilization. Some of these villages are completely surrounded; you may need to request permission to access those sites.

Arkiat Castle

The Arkiat castle is one of several desert castles that dates its history back to the 19th century, and one of few of them has been restored in the 1980s. There is a well of fresh water inside the castle itself and there are scattered remains from a village close to the castle. The name "Arkiat" means well in Arabic, therefore it is believed that it has been built to protect the basic sources of water in the area. It is a typical example of desert castles that include three rectangular towers and a round tower. On the three sides of the central courtyard there are lined narrow rooms without windows or doors, open on the light of the vast courtyard.

Al-Koot Castle

Al-Kut Fortress (also known as the Doha Castle) was built in 1927 to be a police station and security control area of the market. It was also used as a prison. It is square in shape with three circular towers, a rectangular tower and walls with Qatari-style openings in each corner.

AL-Wajbah Castle

This castle is located 15 km west of Doha and was built in the late 18th or early 19th century. Its historical significance stems from the fact that it was the site of the AL-Wajbah famous battle of 1893 where Ottoman soldiers were defeated by Qatari forces, as well as it is a residence of many sheikhs during different historical periods.
